

Dream Weddings
AT **HOLMES MILL**

Welcome

Holmes Mill

Nestled in the heart of the Ribble Valley, Holmes Mill is an old textile mill which dates back to 1823. Keeping loyal to its industrial roots our Function Room bears all the natural textured walls, exposed beams and period character that you would expect from a building that has lasted the decades.

With a few added extras to bring the venue to the modern day, you will find industrial inspired props, all beautifully framed using draped Edison bulbs adding further rustic accent to the historical feel of the space.

Unique

Civil Ceremonies

Bathed in natural light and set with fabulous reclaimed cinema seating to create a natural aisle, wedding music echoes around the industrial bare walls - the scene is set for your big day.

We are licensed to host up to 180 guests for your civil ceremony, simply contact the local Registrar to discuss the ceremony and availability.

Picture Perfect

Following the Civil Ceremony you and your guests are invited to move downstairs into the Engine Room which will be reserved exclusively for your wedding party.

The mill's renovation has retained much of the industrial architecture of the 1800's and makes the perfect backdrop for your photography, inside and out. Think beamed ceilings, exposed walls and a huge 1910 cross-beam engine to name but a few features.

FRIDAY & SATURDAY
